Statement of intent

The Edge Schools' Federation believes that, in order to facilitate teaching and learning, acceptable behaviour must be demonstrated in all aspects of school life. Each school is committed to:

- Promoting desired behaviour.
- Promoting self-esteem, self-discipline, proper regard for authority, and positive relationships based on mutual respect.
- Ensuring equality and fair treatment for all.
- Praising and rewarding good behaviour.
- Challenging and disciplining misbehaviour.
- Providing a safe environment free from disruption, violence, discrimination, bullying and any form of harassment.
- Encouraging positive relationships with parents.
- Developing positive relationships with pupils to enable early intervention.
- A shared approach which involves pupils in the implementation of the federation's policy and associated procedures.
- Promoting a culture of praise and encouragement in which all pupils can achieve.

Each school acknowledges that behaviour can sometimes be the result of educational needs, mental health issues, or other needs or vulnerabilities, and will address these needs via an individualised graduated response.

To help reduce the likelihood of behavioural issues related to social, emotional or mental health (SEMH), the federation aims to create a safe and calm environment in which positive mental health and wellbeing are promoted and pupils are taught to be resilient. Each school aims to promote resilience as part of a whole-school approach using the following methods:

- **Culture, ethos and environment** – the health and wellbeing of pupils and staff is promoted through the informal curriculum, including leadership practice, policies, values and attitudes, alongside the social and physical environment
- **Teaching** – the curriculum is used to develop pupils' knowledge about health and wellbeing
- **Community engagement** – the federation proactively engages with parents, outside agencies and the wider community to promote consistent support for pupils' health and wellbeing

Where vulnerable pupils or groups are identified, provision will be made to support and promote their positive mental health.

3. Definitions

For the purposes of this policy, the federation defines “serious unacceptable behaviour” as any behaviour which may cause harm to oneself or others, damage the reputation of the federation within the wider community, and/or any illegal behaviour. This includes, but is not limited to, the following:

- **Discrimination** – not giving equal respect to an individual on the basis of age, disability, gender identity, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation
- **Harassment** – behaviour towards others which is unwanted, offensive and affects the dignity of the individual or group of individuals
- **Vexatious behaviour** – deliberately acting in a manner so as to cause annoyance or irritation
- **Bullying** – a type of harassment which involves personal abuse or persistent actions which humiliate, intimidate, frighten or demean the individual being bullied
- **Cyberbullying** – the use of electronic communication to bully a person, typically by sending messages of an intimidating or threatening nature
- Possession of legal or illegal drugs, alcohol or tobacco
- Possession of banned items
- Truancy and running away from school
- Refusing to comply with disciplinary sanctions
- Theft
- Verbal abuse, including swearing, racist remarks and threatening language
- Fighting and aggression
- Persistent disobedience or destructive behaviour
- Any behaviour that threatens safety or presents a serious danger
- Any behaviour that seriously inhibits the learning of pupils

For the purposes of this policy, the federation defines “low-level unacceptable behaviour” as any behaviour which may disrupt the education of the perpetrator and/or other pupils, including, but not limited to, the following:

- Lateness
- Low-level disruption and talking in class
- Failure to complete classwork
- Rudeness
- Lack of correct equipment
- Disruption on public transport
- Use of mobile phones without permission
- Graffiti

“Low-level unacceptable behaviour” may be escalated to “serious unacceptable behaviour”, depending on the severity of the behaviour.

4. Managing behaviour

Instances of unacceptable behaviour are taken seriously and dealt with immediately.

Individual schools will keep a record of all reported incidents to help identify pupils whose behaviour may indicate potential mental health problems.

The following sanctions are implemented, in order, in response to a negative behaviour incident:

- A first warning is given that the behaviour is unacceptable and should cease. A reminder of expected behaviour is given.
- A second warning is given that the behaviour is unacceptable and should cease. A reminder of expected behaviour is given.
- A time out within the classroom or learning environment is given.
- A time out outside of the classroom or away from the learning environment is given.
- A member of the senior leadership team is involved. Pupils may receive a sanction of a loss of part of all of the next break or lunchtime or removal of privileges. Pupils will complete a behaviour self-reflection form and parents will be notified. A record of the incident and sanction will be made on the school’s secure electronic recording system CPOMS www.cpoms.co.uk

Serious incidents may jump to a higher stage of sanction without going through the preceding stages first.

Following repeated incidents of unacceptable behaviour, the following sanctions are implemented:

- The headteacher will consider whether the pupil should be excluded for a fixed term, in line with the federation’s Exclusion Policy, and will determine the length of the exclusion.

- Although unacceptable behaviour does not necessarily mean a pupil has SEND, an assessment will be carried out at this stage to determine whether there are any undiagnosed learning or communication difficulties, or mental health issues that may be contributing to the pupil's behaviour.
- Where a pupil is identified as having SEMH-related difficulties, SEND support will be put in place from the school's national SEND budget.
- Where SEND is not identified, but the headteacher determines that support is still required for the pupil, an Individual Behaviour Plan will be created to outline the necessary provisions in place.

For discipline to be lawful, the federation will ensure that:

- The decision to discipline a pupil is made by a paid member of school staff, or a member of staff authorised to do so by the headteacher.
- The decision to discipline a pupil is made on the school premises or whilst the pupil is under the charge of a member of staff, such as during an educational trip or visit.
- The decision to discipline a pupil is reasonable and will not discriminate on any grounds, as per the Equality Act 2010.

The federation will ensure that all discipline is reasonable in all circumstances, and will consider the pupil's age, religious requirements, SEMH needs, any SEND, and any other relevant information.

5. Prevention strategies and sanctions for unacceptable behaviour

This section outlines the federation's strategies for preventing unacceptable behaviour, minimising the severity of incidents, and using sanctions effectively and appropriately to improve pupils' behaviour in the future.

Positive teacher-pupil relationships

Positive teacher-pupil relationships are key to combatting unacceptable behaviour. The federation focusses heavily on forming these relationships to allow teachers to understand their pupils and create a strong foundation from which behavioural change can take place.

De-escalation strategies

Where negative behaviour is present, staff members will implement de-escalation strategies to diffuse the situation. This includes:

- Appearing calm and using a modulated, low tone of voice
- Using simple, direct language.
- Providing adequate personal space for the pupil.
- Showing open, accepting body language, e.g. not standing with their arms crossed.
- Reassuring the pupil and creating an outcome goal.
- Offering the pupil a face-saving route out of confrontation, e.g. that if they stop the behaviour, then the consequences will be lessened.
- Rephrasing requests made up of negative words with positive phrases, e.g. "if you don't return to your seat, I won't help you with your work" becomes "if you return to your seat, I can help you with your work".

Physical intervention

Trained members of staff have the legal right to use reasonable force to prevent pupils from committing an offence, injuring themselves or others, or damaging school property, and to maintain good order and discipline in the classroom.

Physical restraint will only be used as a last resort and as a method of restraint. Staff members will use their professional judgement of the incident to decide whether physical intervention is necessary.

Wherever possible, staff will ensure that a second member of staff is present to witness the physical intervention used. After an instance of physical intervention, the pupil will be immediately taken to the headteacher and the pupil's parent will be contacted – parents may be asked to collect the pupil and take them home for the rest of the day.

When using reasonable force in response to risks presented by incidents involving pupils with SEND or medical conditions, the federation will recognise and consider the vulnerability of these groups.

6. Sexual abuse and discrimination

The federation prohibits all forms of sexual abuse and discrimination, including sexual harassment, gender-based bullying and sexual violence.

The federation will respond promptly and appropriately to any sexual harassment complaints in line with the Child Protection and Safeguarding Policy; appropriate steps will be taken to stop the harassment and prevent any reoccurrence. Discipline for incidents of sexual harassment will be determined based on the nature of the case, the ages of those involved and any previous related incidents.

7. Smoking and controlled substances

In accordance with part 1 of the Health Act 2006, this federation is a smoke-free environment. Parents, visitors, staff and pupils are instructed not to smoke on school grounds. Pupils are not permitted to bring smoking materials or nicotine products to school.

The federation has a zero-tolerance policy on illegal drugs, legal highs and other controlled substances. Where incidents related to controlled substances occur, the federation will follow the procedures outlined in the Pupil Drug and Alcohol Policy and Child Protection and Safeguarding Policy.

8. Prohibited items, searching pupils and confiscation

Headteachers and staff authorised by them have a statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the pupil may have a prohibited item, including any article that the member of staff reasonably suspects has been, or is likely to be, used:

- To commit an offence; or
- To cause personal injury to any person, including the pupil themselves; or
- To damage the property of any person, including the pupil themselves.

9. Effective classroom management

Well-managed classrooms are paramount to preventing disruptive and unacceptable behaviour. The federation understands that effective classroom management allows staff to:

- Start the year with clear sets of rules and routines that are understood by all pupils.
- Establish agreed rewards and positive reinforcements.
- Establish sanctions for misbehaviour.
- Establish clear responses for handling behavioural problems.
- Encourage respect and development of positive relationships.
- Make effective use of the physical space available.
- Have well-planned lessons with a range of activities to keep pupils stimulated.

Subject to reasonable adjustments, e.g. those made for pupils whose SEND may affect their behaviour, pupils will be expected to:

- Conduct themselves around the school premises in a safe, sensible and respectful manner.
- Arrive to lessons on time and fully prepared.
- Follow reasonable instructions given by staff.
- Behave in a reasonable and polite manner towards all staff and pupils.
- Show respect for the opinions and beliefs of others.
- Complete classwork as requested.
- Report unacceptable behaviour.
- Show respect for the school environment.

Classroom rules and routines

Each class has a set of clear, comprehensive and enforceable classroom rules which define what is acceptable behaviour and what the consequences are if rules are not adhered to. Attention is given to how rules are worded, such as the use of positive language rather than negative, e.g. “act respectfully towards your peers and teachers”, rather than “do not act disrespectfully towards your peers and teachers”.

Each class has an established set of classroom routines to help pupils work well, in the understanding that behavioural problems can arise due to the lack of a consistent routine. This includes teachers ensuring that before lessons begin, they have the full attention of all pupils, then explaining the task clearly so all pupils understand what they are supposed to be doing.

The headteacher ensures all teachers understand classroom rules and routines and how to enforce them, including any sanctions for not following the rules.

Teachers support pupils to understand and follow classroom rules and routines. Teachers inform pupils of classroom rules and routines at the beginning of the academic year and revisit these daily. Where appropriate, teachers explain the rationale behind the rules and routines to help pupils understand why they are needed, and will model rules and routines to ensure pupils understand them. Teachers also explain clearly to pupils what will happen if they breach any classroom rules to ensure pupils are aware of the sanctions that may be imposed.

To support pupils' continued awareness and understanding of classroom rules and routines, teachers reinforce them in a range of ways, e.g. placing posters of the rules on classroom walls and providing regular verbal reminders of the routines. Teachers also ensure that classroom rules and routines remain consistent and are practised throughout the year to create a more productive and enjoyable environment.

The classroom environment

The federation understands that a well-structured classroom environment is paramount to preventing poor behaviour. This includes the teacher positioning themselves effectively within the classroom, e.g. wherever possible, teachers avoid standing with their backs to pupils and ensure they have full view of the room at all times.

Teachers employ strategic seating arrangements to prevent poor behaviour and enable it to be noticed early, such as:

- Seating those who frequently model poor behaviour closest to, and facing, the teacher.
- Seating those who frequently model poor behaviour away from each other.
- Ensuring the teacher can see pupils' faces, that pupils can see one another, and that they can see the board.
- Ensuring the teacher can move around the room so that behaviour can be monitored effectively.

Praise and rewards

The federation recognises that praise is key to making pupils feel valued and ensuring that their work and efforts are celebrated. When giving praise, teachers ensure:

- They define the behaviour that is being rewarded.
- The praise is given immediately following the desired behaviour.
- The way in which the praise is given is varied.
- Praise is related to effort, rather than only to work produced.
- Perseverance and independence are encouraged.
- Praise is only given when a pupil's efforts, work or behaviour need to be recognised, rather than continuously without reason.
- The praise given is always sincere and is not followed with immediate criticism.

Whilst it is important to receive praise from teachers, the federation understands that peer praise is also effective for creating a positive, fun and supportive environment. Teachers encourage pupils to praise one another, and praise another pupil to the teacher, if they see them modelling good behaviour.

As with praise, the federation understands that providing rewards after certain behaviour means that pupils are more likely to model the same behaviour again. For rewards to be effective, the federation recognises that they need to be:

- **Immediate** – immediately rewarded following good behaviour.
- **Consistent** – consistently rewarded to maintain the behaviour.
- **Achievable** – keeping rewards achievable to maintain attention and motivation.
- **Fair** – making sure all pupils are fairly rewarded.

The federation has a number of options for rewards that can be given to pupils. These might include social rewards, e.g. positive contact with parents, physical rewards, e.g. certificates, and activity-based rewards, e.g. additional play time.

10. Behaviour off school premises

Pupils must agree to represent each school in a positive manner.

Staff can discipline pupils for misbehaviour outside of the school premises when the pupil is:

- Wearing school uniform.
- Travelling to or from school.
- Taking part in any school-related activity.
- In any way identifiable as being a pupil at the school.

Staff may also discipline pupils for misbehaviour off the school premises that, irrespective of the above:

- Could negatively affect the reputation of the federation.
- Could pose a threat to another pupil, a member of staff at the federation, or a member of the public.
- Could disrupt the orderly running of the school.

Any bullying witnessed outside of the school premises and reported to a member of staff, will be dealt with in accordance with the federation's Anti-bullying Policy.

The federation will impose the same sanctions for bullying incidents and non-criminal misbehaviour witnessed outside of the school premises as would be imposed for the same behaviour conducted on school premises. In all cases of unacceptable behaviour outside of the school premises, staff will only impose sanctions once the pupil has returned to the school premises or when under the supervision of a member of staff.

Complaints from members of the public about the behaviour of pupils from the federation are taken very seriously and will be dealt with in accordance with the Complaints Procedures Policy.

11. Monitoring and review

This policy will be reviewed on an annual basis; any necessary changes will be made and communicated to all members of staff.
