

Year 5 - Summer Term I

By the end of this half term, children should know the following facts. The aim is for them to recall these facts with speed and accuracy:

I know the first five cube numbers

Children should know that a cube number is any number multiplied by itself three times.

n x n x n.

It can be written as n³

The first five cube numbers are:

 $I \times I \times I = I$

2 x 2 x 2 = 8

 $3 \times 3 \times 3 = 27$

4 x 4 x 4 = 64

5 x 5 x 5 = 125

Key vocabulary

cube number cube root power of three multiply divide product

Top tips

The secret to success is practising *little* and *often* Use time wisely. Can you practise this KIRF whilst walking to school or during a car journey? You do not need to practise all aspects of the KIRF all at once; perhaps you could have a fact of the day, or a few facts per week to practise? If you would like more ideas, please speak to your child's teacher.

Practical resources and ideas

Use visual images to help children understand what a cube number is
